HOW SHIVAR MINERAL WATER RELIEVES RHEUMATISM.

According to the standard medical books, Rheumatism is not a germ disease, but is the result of imperfect nutrition. The food is either imperfectly digested or imperfectly assimilated. Poisons accumulate and these irritate and inflame the delicate linings of the joints, the heart and other organs. To cure Rheumatism it is therefore necessary to stop the formation of these poisons and get rid of those already formed.

The celebrated Shivar Mineral Water acts on the stomach and kidneys. It corrects the digestion and washes out the poisons through the kidneys. This is the opinion of physicians who prescribe it. If you suffer from Rheumatism, dyspepsia, indigestion, gall stones, disease of the kidneys, bladder or liver, uric acid poisoning, or any conditions due to impure blood, read the following letter, then sign it, enclose the amount and mail it. Only two out of a hundred on the average report no benefit.

Shivar Spring,
 Box 14M, Shelton, S. C.

A hardened, soured type was Bill Pearce, but Jean's pleading won out that night and he occupied a back seat alongside of an anxiously happy little girl. "Maybe the meetings will make daddy different" were Jean's hopeful words to a mother whose home life had been particularly sad.

And God honored the faith of that eleven-year-old girl. "I'd never have shown my face in one of your meetings, sir, if it hadn't been for Jean." The words were spoken after the communion service at which Jean and her father were received into the membership of the newly organized church.

As these words are penned, Jean is hundreds of miles from the place where she coaxed "daddy" into a gospel service, but she is still working for her Master, and a city Sabbath school in which she teaches is the richer because the evangel was proclaimed in a district far from the highways of commerce.—The Presbyterian Record.

THE RESTORED SON.

The hands of poor old Grannie Hayson trembled as she opened the letter a neighbor had brought from the post office. She was a lonely old woman, and except for the attention she received from kindly villagers, no one seemed to be concerned about her.

If she had any relatives they certainly were not letter-writers. The postmistress had been so surprised at sight of Grannie's name on a letter that the distribution of His Majesty's mail was delayed several seconds while she inspected both sides of the envelope. The post-mark was indistinct, but the two letters "B. C." were visible.

Who did Grannie know in British Columbia? No letters had passed through that office from Grannie to British Columbia—of that the postmistress was certain. The mystery was soon cleared up, however, for Grannie herself quickly started out to give the contents of the letter the widest possible publicity.

"It's from my Bob; I feared he was dead. It's thirteen years past since he wrote me. He says he's sorry that he's been careless like, but he's a different man now and he's saving up to come home, and mind you, he sent me a money order! Thank God for giving me back my Bob."

What had made Bob different? What caused Grannie's lonely old life to be flooded with sunshine? It was the gospel story sung and spoken in a western mining camp. When Bob got right with God he wanted to get right with the faithful old mother who had never ceased to love him, and with everybody else.

The preacher had told the boys that it must mean that. For two weeks

Does Your Blood Need Iron?

How to Make the Test That Tells

A pale face, a nervous irritable disposition, a lack of strength and endurance—these are the warning signals that Nature gives when your blood is getting thin, pale, watery and starving for iron. If you are not sure of your condition, go to your doctor and have him take your blood count, or else make the following test yourself: See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. All good druggists sell Nuxated Iron, on the distinct understanding that if you are not satisfied your money will be refunded.

the evangelist had labored and pleaded with them, and the messages had borne fruit. So the inexhaustible story had not only been told to a little company of miners, but, through Bob and Grannie, to the entire population of an Ontario village also.—The Presbyterian Record.

Be sober and temperate, and you will be happy.—Benjamin Franklin.
